# How to Use the Telephone

#### PLEASE BE SURE OF THE NUMBER

Charles Ranch

You can obtain the desired number from the latest issue of the telephone directory. If the listing is not found

please call "INFORMATION".

#### PRONOUNCING TELEPHONE NUMBERS

273—"Two, seven three" 4418-J-"Four four, one eight, J" 2100-"Two one, hundred" 3000—"Three thousand"

#### SPEAKING OVER THE TELEPHONE

Please speak slowly and clearly, in an even tone of voice, directly into the transmitter, with the lips just clearing the mouthpiece.

#### PLEASE LISTEN FOR SIGNALS

After placing a call, listen for the Ringing Signal, Busy Signal or Report from the Operator.

The Ringing Signal is a "burring" sound heard at regular intervals, indicating the called telephone is ringing. Allow the bell to ring long enough so that the called party will have time to answer.

The Busy Signal is a steady "buzz-buzz-buzz" sound, indicating the called line is in use. When you hear this signal, please replace the receiver and try the call again later.

For central offices not equipped for giving these signals, the operator will give a report if the called line does not answer within a reasonable time, or if the called line is busy.

### CALLING FROM A COIN BOX TELEPHONE

Instructions are posted on or near each coin box to tell you how to place calls.

A charge will not be made on calls which are not completed.

Between successive calls, replace the receiver for at least five seconds.

Please report at once any service difficulties or coin collection error to the operator.

#### ANSWERING CALLS

Please answer promptly. You will save time when answering if you give your own number or name.

#### TO DIAL A LOCAL NUMBER

Dial the figures of the desired number in their order from left to right.

For example, to call 459:

- 1. Lift receiver and listen for the dial tone (a steady humming sound).
- 2. Keeping receiver off the hook, place your finger in the opening where the figure "4" appears.

Park

- 3. Turn dial until your finger strikes the stop, then release and without forcing or retarding the return motion, allow dial to return to normal.
- 4. Do the same with the figures "5-9" in that order.

# PLEASE OBSERVE THESE DIALING SUGGESTIONS

If, while dialing, your finger slips or you realize that a mistake has been made, replace receiver and after waiting a few seconds, lift receiver and when you hear the dial tone, try the call again.

If, after the number is dialed, no signal is heard within a reasonable period, replace the receiver. After a few seconds lift the receiver and when you hear the dial tone, dial the number again. If you again receive no signal, dial "01" and report the condition to the operator.

Always replace receiver for a few seconds between calls.

Please do not turn the dial while talking as it may break the connection.

In case you have repeated trouble dialing a number, replace the receiver for a few seconds, then dial "01" for assistance.

#### OUT-OF-TOWN NUMBERS

Please do not attempt to dial out-of-town numbers, as such calls should be placed with the Operator. The following pages contain complete directions for placing out-of-town calls.

# DETAILS TO OBSERVE ON PARTY LINES

If, when you begin to place a call, you hear the dialing of another party, excuse the interruption, replace receiver and make your call later.

If you find another party has come on the line during or at the end of dialing, replace receiver for a moment and then dial the number again.

# TO CALL ANOTHER TELEPHONE ON YOUR PARTY LINE

The telephone numbers of all parties on a particular party line are the same, except for the last digit. To call another party on your line, dial the code "08," followed by the last digit of your number, and then the last digit of the called number. Replace the receiver. Your telephone bell will ring at regular intervals until the called party answers. When ringing ceases, lift the receiver and begin conversation. If no answer is received after a reasonable period, stop the ringing by lifting the receiver momentarily and then replacing it.

# TO MAKE AN EMERGENCY CALL IN THE DARK

Lift the receiver, listen for the dial tone, and then dial the first figure below the finger stop (0), followed by the first figure immediately above the finger stop (1) to reach an operator. When the operator answers, explain the situation and she will attempt to assist you.

desired exchange.

We realize that difficulties sometimes occur in spite of our best efforts to avoid them. When they do, we are anxious to correct them promptly and to take steps

which will prevent them from happening again. The directions given on page one of the Blue Pages for reporting service difficulties and obtaining assistance

will care for most cases.

If any matter is not handled to your satisfaction after you have brought it to the Telephone Company's attention, please call the Business Office and ask for the Manager.

# Orders for Service

To arrange for new or additional service, or if you wish telephone instruments moved or changed, service discontinued, or other service arrangements made, please get in touch with our Business Office, or ask any Telephone Company employee, who will be glad to assist in placing your order.

#### Bills and Payments

Bills for service are usually issued monthly in groups on various dates throughout the month and are due and payable upon presentation.

check. If the stub has been mislaid, you can make certain that your account will be promptly credited by writing your telephone number on the check.

# Other Matters

#### RATES

Rates and practices included in this directory are based upon those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

Copies of our rules and regulations and schedules of rates are available for public inspection at locations designated on notices posted in our Business Offices.

# ATTACHMENTS TO TELEPHONES

In the interest of good service, please do not use any devices on telephone equipment except those furnished by the Company. The devices

claimed by agents to eliminate noise, to destroy germs, etc., are usually detrimental and interfere with good service.

# USE OF COINS IN COIN BOXES

It is unlawful to use tokens or any coins other than the lawful coins of the U.S.A. in any telephone coin box.

(Section 640-a Calif. Penal Code)

any unauthorized person retelephones or other equipment.

IDENTIFICATION OF EMPLOYEES Employees of the Company, whose duties require them to enter the premises of customers, are supplied with identification cards. If you have any doubt as to the right of a person to represent himself as an employee of this Company, you should request him to present his identification card. Please call the Business Office if quests access to, or tampers with

# · How to Use This Directory

This directory contains most of the numbers you have occasion to call. You can obtain the numbers of new telephones, which have been installed since the directory was printed, by

calling "Information". If a number has been changed since the directory was printed you can obtain the new number by calling the one listed in this directory.

#### DIRECTORY LISTINGS

For each subscriber, a listing is included in the alphabetical directory without additional charge.

## TO FIND A LISTING

- 1. Look under different spellings if you don't find the name at first.
- 2. Look under initials and first names. For example, you may know a person as "Adam Smith," but he may have chosen to be listed as "A Douglas Smith."
- 3. Use the address as a check. For example, you may know a person's last name but the fact that he lives at a certain address will single him out from others of the same name.
- 4. The abbreviation indicating business or profession serves as a guide. For example, there may be three Smiths in a large office building, but the business abbreviation after his name may enable you to select the one you want.

# CLASSIFIED TELEPHONE DIRECTORY (Yellow Pages)

You will find in this section the names of business subscribers listed under classified headings descriptive of their respective businesses.

If you wish to purchase a commodity or service, please look for the heading descriptive of the article or service you have in mind and select a firm from the listings and advertisements.

If you are looking for the telephone number of a person or firm and you know the profession or business, you can find it easily under the heading descriptive of the profession or business.

## ADVERTISING IN YELLOW PAGES

If you are interested in rates for advertising in the Classified Telephone Directory, we shall be glad to furnish them upon request.

# General Directory Matters

#### COPIES OF THIS DIRECTORY

If you desire additional copies of this directory or if you did not receive the latest copy, please get in touch with our Business Office.

#### DIRECTORIES OF OTHER CITIES

Telephone directories of other cities are usually available and may be consulted at our Business Office. We cordially invite you to use these directories. If you desire to purchase copies they may be supplied by arrangement with our Business Office.

## DIRECTORY ACCURACY

Every effort is made to compile and print this directory as accurately as possible. However, sometimes despite care and attention, errors will occur.

Please check your listing in this directory. If it is incorrect in any way, please call our Business Office so that it may immediately be corrected in our Information Records as well as in subsequent issues of the tele-

phone directory. The Company does not assume liability because of errors or omissions.

In order that our records may be correct and up-to-date, we should appreciate prompt notification of any change in your listing. A change of your house number or street name should likewise be called to the attention of the Business Office when it occurs.

#### MAINTAIN YOUR PERSONAL TELEPHONE LIST

To provide ready reference, we suggest that you keep a list of the telephone numbers you frequently call — your doctor, beauty shop, friends, etc. The last page of the Blue Section has been reserved for this purpose. When a new directory is delivered to you, please tear out this page from your old directory, and, after verifying the numbers, transcribe them to your new book.

# Various Services Provided for Your Use

# TELEGRAMS BY TELEPHONE

To facilitate sending telegrams, cablegrams, or radiograms, please call or dial telegraph companies as listed in

this directory. Charges for telegraph messages of The Pacific Telephone and Telegraph Company at all exchanges and for telegraph messages of the Postal Telegraph-Cable Company and Western Union Telegraph Company at certain exchanges, placed by telephone, will be billed by the Telephone Company on its bill for service, or if sent from a public coin box telephone, the charges will be collected at the time the message is sent.

# ARCHITECTS' AND BUILDERS' SERVICE

A free advisory service on advance planning of telephone arrangements in new construction is available to architects, owners and builders. Extensive and costly alterations after the completion of the building are frequently avoided through proper advance planning. Call the Business Office and ask for Architects' and Builders' Service.

# SHOPPING BY TELEPHONE

For merchants who desire to organize telephone order departments or to stimulate the practice of having their customers telephone in their orders, we have available a free consulting service.

# ADVERTISING COPY SERVICE

Our advertising copy service department is equipped to help Classified Telephone Directory advertisers use their display space so as to get maximum results. This service includes preparation of copy, layouts and art work. There is no charge.

# ADDITIONAL DIRECTORY LISTINGS

Following are some of the additional directory listings that are sometimes needed and which are available at a nominal charge:

112 112

When t

a star (

the call phone r

ine unti

(1) Additional Residence Listing — for other members of the customer's household, especially those with different surnames.

(2) Additional Business Listing—for the man who needs his own name in the directory, in addition to his firm's name.

(3) Alternate Call Listing — for people who desire to have their calls answered at another telephone when they are away.

(4) After Hour Listing—to give directions where to call after hours and on Sundays and holidays.

#### TIME OF DAY

The correct time may be obtained by calling the Operator or by dialing "01". The charge for this service will be the same as the charge at your regular rate for any other call within your exchange.

# AMPLIFIER TO IMPROVE HEARING

An amplifier can be attached to your telephone. It has several stages of amplification and enables most persons with impaired hearing to enjoy the use of a telephone. Special bell or light signals also are available.

# AUDIBLE AND VISUAL TELEPHONE SIGNALS

Some locations are so noisy the ordinary telephone bell cannot be heard. In such cases a gong, loud bell or horn is needed. Where there are several telephones at one location, they can be fitted with bells of

different tones. Lamp signals flash a warning when a call comes in . . . and, if there is more than one telephone, tell which line it is on.

# LONG DISTANCE SECTION

# When You Call Folks in Other Towns in most cases your calls go through while you hold the line

# STATION-TO-STATION CALLS

When you will talk with anyone who answers at an individual line or partyline telephone or private switchboard.

# CALLS TO NEARBY POINTS HANDLED BY YOUR LOCAL OPERATOR

When the name of the city is preceded by a star (\*) in the list of rates on the inside cover of this Telephone Directory, place the call with your local operator by telephone number.

FOR EXAMPLE: "Petaluma 1980." If you do not know the telephone number, consult the directory or call "Information."

# CALLS TO OTHER CITIES ARE PLACED BY CALLING LONG DISTANCE OR DIALING 01

Then tell the Operator the city or town you want; the out-of-town telephone number, if you have it, or the name under which it is listed.

FOR EXAMPLE: "Palo Alto 4938." Or if you do not know the telephone number: "Palo Alto, anyone at Mr. John Doe's Residence, 34 Blank Street."

# PERSON-TO-PERSON CALLS

When you want to reach a particular person, or a particular extension telephone or department connected through a private switchboard.

#### CALL LONG DISTANCE OR DIAL 01

Then tell the Operator the city or town you want; the out-of-town telephone number, if you have it, or the name under which it is listed, and the name of the person you want.

FOR EXAMPLE: "Palo Alto 4938, Mr. Brown." Or if you do not know the telephone number: "Palo Alto, John Brown at his residence, 1234 Highland Blvd."

Unless otherwise advised by the Operator, after placing your call please wait on the line until the called party answers or the Operator gives you a report. It will help to speed your call.

#### APPOINTMENT CALLS

An Appointment Call is one on which you wish arrangements made in advance with the called station or person to talk at a specified time. Person-to-Person rates apply to such calls.

#### MESSENGER CALLS

A Messenger Call is a call for a particular person requiring a messenger to bring the desired person to a telephone. Person-to-Person rates apply. The charge for the messenger is in addition to the Telephone Company's message charge and applies even if the desired conversation is not held.

#### COLLECT CALLS

Upon request, the charges on calls to most points within the Continental United States, and to Canada, Cuba, Hawaii and Puerto Rico may be collected at the called station as follows:

Station-to-Station Calls—At the Station-to-Station rate, when the initial period rate is 25c or more, provided anyone answering at the called station accepts the charge. When the initial period rate is 20c, a special collect rate of 25c applies. If the initial period rate is less than 20c, the corresponding Person-to-Person classification and rate applies provided this service is available.

Person-to-Person, Appointment, and Messenger Calls—At regular rates applying to these calls, provided the called party accepts the charge.

### OBTAINING CHARGES

If you wish to obtain the charge at the conclusion of a Long Distance call, ask the operator to "quote charges" immediately after you have given the number you are calling.

#### TRANSIENT CALL SERVICE

This service enables a home office to locate its traveling representatives by telephone. The representative registers with the long distance chief operator in each city he visits. He tells her where he can be reached. When his home office or family want him, they just tell Long Distance they want to place a "transient service" call for him, naming the place or places at which he may be reached.

#### CONFERENCE TELEPHONE SERVICE

This service makes it possible for persons miles apart to talk things over as if they were face to face. Every one can hear and be heard. As many as six telephones—more by special arrangement—may be included in one call. To place such a call, please ask Long Distance for the Conference Operator.

#### INTEREXCHANGE RECEIVING SERVICE

This service is provided for the convenience of business subscribers who have customers in other cities. Listings may be arranged for in the directories of other cities or towns. These are given the prefix "Enterprise".

Calls to ENTERPRISE numbers are placed with the Operator and connection is established to the telephone of the business subscriber in the distant city. Charges for these calls are billed to the business subscriber's account.

This service is particularly useful to concerns desiring representation in other cities where they do not maintain branch offices.

#### DAY, NIGHT AND SUNDAY RATES

Day rates for long distance telephone service are in effect from 4:30 A. M. to 7:00 P. M. except Sundays. Night rates are in effect from 7:00 P. M. to 4:30 A. M. and Sunday rates all day Sundays. The time prevailing at the calling point when connection is established governs the application of Day, Night and Sunday rates.

THE CONSTANT

AIM OF THE BELL SYSTEM IS TO GIVE YOU, AT ALL TIMES, THE BEST AND THE MOST TELEPHONE SERVICE AT THE LOWEST

POSSIBLE COST

# You can help us to speed and improve your telephone service

I

By consulting the information pages in the front of your telephone directory.

2

By making sure of the number before calling.

3

By speaking directly, clearly and slowly into the mouthpiece.

4

When called, by answering promptly.

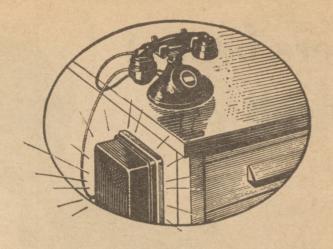

5

By identifying yourself by name or firm when answering.

6

By hanging up gently.

Your telephone contains about two hundred parts, some quite delicate. We want you to have the best possible service at all times, and appreciate your cooperation in handling your telephone carefully.

# You can never tell who is calling

ve

There are men and women who get so engrossed in what they are doing that they let their telephones ring a minute or so before they answer.

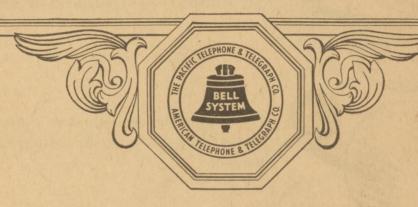

A natural thing, sometimes, but don't you agree that friends, customers, business associates who come to you by telephone should be received at least as quickly as though they came in person?

A prompt answer is telephone hospitality—and courtesy insurance!

Backed by an army of specialized workers and millions of miles of metal "voice-ways," small wonder that your telephone binds you to friends, assists you in business, saves you many a trip and helps you to get things done! Classified Telephone Directory

Then locate the desired name and telephone number by examining the listings under the heading.

Locate the Classified Heading descriptive of the article or service desired.

Then examine the listings and display advertisements associated with the heading and select the name and telephone number of the firm or individual with whom you wish to deal.

To find where to buy Trade Marked commodities or services such as particular makes of automoblies, radios, etc., consult the listings under the related heading, or look for the Trade Mark name indexed as a heading.

If you should desire additional assistance or explanation regarding the Classified Telephone Directory, please call our Business Office.

#### FOR THE HARD OF HEARING

A special telephone has been developed by the Bell System for the aid of those with impaired hearing

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business

TELEPHONE SERVICE

WHO DO NOT HEAR WELL

A special telephone has been developed by the Bell System for the aid of people with impaired hearing.

Installed in the home or office, it amplifies the volume of sound.

Our Business Office will gladly give you further information.

#### FOR THE HARD OF HEARING

A special telephone has been developed by the Bell System for the aid of those with impaired

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business

#### TELEPHONE HEARING AID

With an auxiliary amplifier attached to the telephone, the hard-of-hearing can tune up the incoming telephone voice to the desired volume by simply turning the dial of the amplifier. This is regular telephone equipment which can be ordered by calling the Business Office.

SANTA ROSA

633-5TH STREET

# Telephone Convenience

When you remodel or when you build, be sure that built-in telephone service becomes one of the assets of your home. We will gladly help you plan conduits and other concealed channels for the wiring. Just notify our business office.

he constant effort of the Bell System is to give you more and better service and at the same time keep rates low.

#### FOR THE HARD OF HEARING

A special telephone has been developed by the Bell System for the aid of those with impaired hearing.

Installed in the home or office, it amplifies the volume of sound, making it possible, in many instances, for those who experience difficulty in hearing to hear more easily.

Our nearest business office will gladly give further information. Or just call our business

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

# Perhaps she is your neighbor

"The voice with a smile" is a person you'd like. Perhaps she's your neighbor next door.

She works for the telephone company. That means, she works for you. The skill in her fingers comes from experience, and from careful training with good apparatus. But the courtesy in her voice is largely instinctive.

We selected her to be a telephone worker, serving you, because she is deft and accurate, has a smile in her voice, and *likes* to serve folks well.

# FOUR Thoughtful ITEMS OF TELEPHONE PROCEDURE

- 1. Please answer promptly.
- 2. Please be on the line when the party you want answers.
- 3. Please speak distinctly and slowly, with the lips just clearing the transmitter.
- 4. Please replace the receiver gently when through talking.

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

## TO BE HEARD CLEARLY

## PLEASE SPEAK DIRECTLY INTO the TELEPHONE

When you use the telephone by speaking distinctly and directly into it instead of to the room at large, and with your lips just clearing the mouthpiece — you are doing three simple little things that will give your friends the satisfaction of hearing exactly what you say, without effort.

It helps you and them to get the utmost satisfaction from telephone service.

# Your telephone is a "door" to your establishment

And an important one. You open that door quickly by answering your telephone promptly.

Business houses and private homes find that this is a hospitable policy.

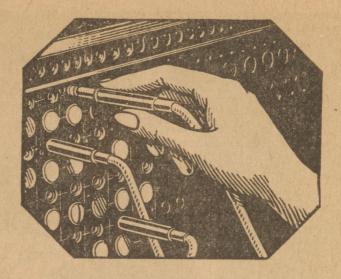

Hanging up the receiver immediately upon the completion of the conversation is another way of making it easy for people to use your telephone doorway.

# "Edward Jones Speaking"

Many telephone customers follow the modern style: "Edward Jones speaking."

Such an introduction establishes identity, permits both parties to get down to business without loss of time. It saves preliminaries. And it makes a fine impression.

# Our customers are not "just numbers"

We men and women who serve your telephone at switchboards, behind office desks, on trucks and poles and in a hundred more seen and unseen ways are individually and personally interested in the quality of your telephone service.

Many of us are stockholders in the Bell System. Many of us have made the telephone calling our vocational life's work. All of us are animated by the spirit of Service, which means the most telephone service and the best, at the least cost to the public.

We appreciate your cooperation in our efforts to give you good service.

## YOU CAN REACH ANY ONE OF THE FOLLOWING POINTS FOR \$1.00 OR LESS, DAY, STATION-TO-STATION RATE

NIGHT AND SUNDAY RATES ARE EVEN LOWER AND APPLY FROM 7 P. M. TO 4:30 A. M. AND ALL DAY SUNDAY

RATES ARE FOR 3 MINUTES (on Station-To-Station Calls of 25 Cents or Less, 5 Minutes) See also Inside Front Cover for rates from SANTA ROSA, FORT BRAGG, GUERNEVILLE, HEALDSBURG and LAKEPORT.
